DISTANCE: 1.5 Miles

TIME: 45 mins + searching time

Grandpa has been out for a walk and has managed to lose four things he needs for his latest invention! Can you help him find them? There is one hidden in the area shown by each circle on the map (within 2m of the item that is underlined).

Please put the
objects back
EXACTLY where
you found them!

With each object you will find a letter of the alphabet. Draw the object and write down the letter in the boxes (left).

Can you rearrange the letters to spell an animal?
